VOL. XXIV, NO. 86 GAINESVILLE, FLORIDA, SUNDAY, MAY 19, 1907 TEN CENTS A WEEK

TRAIN ON SOUTHERN HURLED INTO CREEK

Lookout Mountain Is Scene of Fearful Tragedy.

WORK OF A PREMATURE BLAST

Three Lives Lost, Three Men Seriously Injured and Much Property Destroyed by an Explosion Near Chattanooga, Tenn.

Chattanooga, Tenn., May 18.—Three men killed outright, three others so seriously injured that they will die, and two others badly injured in addition to the crashing of a Southern Railway freight engine and eleven cars through a bridge into Chattanooga creek and the destruction of three residences and a pile driver nearby, was the result of a premature explosion of a blast at the foot of Lookout mountain on the Stevenson extension.

The bridge was crushed in by several tons of rock hurled by the blast just as the Southern Railway freight train, No. 11, was giong on the bridge. Other pieces of rock hurled for 400 yards, crashed through the pilot of the pile driver of the Nashville, Chattanooga and St. Louis railroad, which was at work driving piles in Chattanooga creek for a new viaduct, killing Engineer Shaefer and Fireman Hyder instantly.

Other pieces of rock hurled five and six hundred yards struck the residences on the side of Lookout mountain, crashing through the roof and floors of the buildings.

The blast was one of the heaviest ever used on work, it is said, in this section of the country. No warning was given to the residents in the vicinity or to the Nashville, Chattanooga and St. Louis railroad, whose property was destroyed.

The following is a list of the dead and injured:

Will Hyder, fireman of pile driver for Nashville, Chattanooga and St. Louis railroad, dead. Clint Shaefer, engineer of pile driver, dead. J. Fitzgerald, negro fireman for Southern railway, dead. Samuel Mahon, engineer Southern railway, bruised about the head; Christ George, Greek laborer, skull fractured, other injuries. Chris Costa, Greek laborer, skull badly fractured. Peter John, injured about the head and body. Styles John, Greek laborer, injured about the head.

PASTOR ASKS PARDON.

Rev. J. I. Clark Sorry He Performed the Cory-Gilman Ceremony.

New York, May 18.—Rev. John I. Clark, pastor of the Brushwick avenue Congregational church, Brooklyn, who recently officiated at the marriage in the city of W. E. Corey the president of the United States Steel corporation, and Miss Mabelle Gilman, submitted to the credentials committee of the church at a meeting a letter in which he begged forgiveness for having performed the marriage ceremony in question.

In the letter Dr. Clark said he realized that he had done a great wrong both to the congregation of his church and to the Christian conception of the marriage relation in marrying a divorced person, and he said he would humbly receive whatever censure the committee might impose.

Cab Driver's Fatal Wager.

St. Louis, May 18.—To prove his capacity for whisky, Thomas Taylor, a negro cab driver, wagered Thursday that he could drink a large quantity of liquor. He consumed nineteen drinks without a break, according to the wager and died seven hours later.

Killed by a Train.

Cartersville, Ga., May 18.—Minus Rogers, who lives three miles above here, was run over by the train on the Iron Belt railroad Wednesday morning and met instant death. His body was terribly mangled. He has been in the employ of the W. & A. railroad for thirty-five years

PREBYTERIANS IN SESSION.

Flood of Overtures Read at Birmingham and Referred.

Birmingham, Ala., May 18.—A flood of overtures from the various presbyteries were read and referred to committees at Fiday5s session of the forty-seventh general assembly of the Presbyterian church in the United States. Many of the overtures related to the proposed articles of agreement. An overture from the Mangum, Oklahoma presbytery, which has just been formed, asked that a new synod be organized to consist of the presbyteries of Mangum, Indian and Durant. The synod of Arkansas, overtured the assembly to appoint an ad interim committee, whose duty it shall be to make an exhustive study of the entire system of church government, with a view to effecting such changes as will give the synod "its logical, natural and rightful place in the line of church courts and rescue it from its present anomalous and awkward position out of that line."

The presbytery of the Tombigbee at Columbus, Miss., sent in a resolution adopted by it with request that they be sent to the various Presbyteries for action. The resolution provides that any individual congregation may adopt the rotary method of electing elders and deacons and that no ruling elder or deacon may be installed for a longer period than three years without being re-elected by the congregation. The East Hanover presbytery asks that a committee be named to consider the advisability of establishing the order of deaconness. An overture from the presbytery of Paris, Tenn., proposes certain amendments to the constitution with a view to providing a mode of effecting organic union with other bodies. A dozen or more presbyteries sent up overtures looking to approval of the laymen's missionary movement. The appointment of a secretary for young people's societies and Sunday schools and the appointment of a woman's foreign missions committee are asked. The Presbytery of Fort Worth prays for relief in the matter of the anomalous condition of the churche's foreign mission work "by removing the stigma of at least a seeming approval of polygamy." An overture from Louisville, Ky., invites the general assembly to meet in that city in 1908. It is understood that Charlotte, N. C., Montreat, N. C., and Houston, Tex., also want the next assembly. An overture from the Lexington presbytery seeks to have official inquiry made into the decline in the number of infants baptized. The Ouichita presbytery wants the Hague peace conference endorsed. The Eastern Texas presbytery wants a direct referendum on the question of organic union. The Alabama synod desired that the work of raising a special fund of $15,000 to enlarge Stillman institute be sanctioned. The Tuscaloosa presbytery asks for the employment of white ministers to labor as evangelists among the negroes. Many overtures were introduced, asking for the proper observance of the 400th anniversary of the birth of John Calvin in 1909.

Will Revolutionize Treatment.

Atlanta, May 18—Dr. Geo. Brown of the Anti-Tuberculosis League of America, and who is a recognized authority on consumption and the treatment of the "white plague," has just made public a remedy which is bound to revolutionize the treatment of this dread disease. It is the substitution of cotton seed oil for cod liver oil in the emulsions. Dr. Brown has been experimenting with these oils for years and has made a particular study of the use of cotton seed oil for cod liver oil.

Woman to Face Murder Charge.

Macon, Ga., May 18.—Mrs. Sallie Freeney, who has been detained in Bibb county jail since the killing of W. P. Harrell in Eastman several months ago, will be sent back to the scene of the tragedy for trial next week. Mrs. Freeney shot Harrell to death in her own home, and it is announced that her defense will be the protection of herself and home from insult and bodily harm. It was claimed that Harrell went to the place to collect rents due.

FIRE AT PITTSBURG DOES GREAT DAMAGE

Five Manufacturing Plants Are Destroyed.

FIRE WAS OF UNKNOWN ORIGIN

Firemen Fought Flames Amidst Great Danger, as a Quantity of Dynamite Was Stored in One of the Buildings—Money Loss $100,000.

Pittsburg, Pa., May 18—Two firemen were injured, five manufacturing plants destroyed and a number of small residences badly damaged on Friday morning by a fire of unknown origin, which started in the Brush & Stevens company, pattern and model plant, this city.

While the fire was at its height there was a terrific explosion followed by several smaller ones, and when the smoke cleared away it was found that two firemen had been injured. They are:

Captain Joseph Schloss, of No. 30 company, caught in debris after the explosion, and seriously hurt. He was taken to a hospital.

William Miller, a fireman, burned by explosion, and hurt by falling timbers; taken to a hospital.

The buildings destroyed were the Keystone Mining Supply company, Hook & Callan, blacksmithing;; Rush & Evans, pattern and model plants; W. A. Watt, iron and wire company; the Second Hand Cooperage company.

Throughout the fire the firemen fought amidst great danger, as in one of the burned buildings a quantity of dynamite was stored and in another many barrels of oil.

The loss is estimated at $100,000.

SOUTHERN DEVELOPMENT.

Manufacturers' Record Reports Many New Undertakings.

Baltimore, May 18.—Among the interesting undertakings in southern minerals noted during the past week by the Manufacturers' Record, are three or four plans for the obtaining of salt. Among those reported is the development of deposits of salt and of sulphur under 400 acres of land between Beaumont and Pine Island, the salt being about 15 feet below the surface of the ground and the sulphur from ten to eleven feet below.

In the field lying about 25 miles northwest of Charleston, W. Va., six producing oil wells have been brought in recently, two of them with a capacity of about 50 barrels each a day. The natural gas of West Virginia, which is attracting glass works and other industries to thta state, is coming into greater and greater demand for nearby states, and it is reported that an Ohio company will build an 18-inch pipe line 161 miles long and costing $3,000,000 to pipe West Virginia gas into Cincinnati.

FATAL AFFRAY AT MACON.

Men Engage in Fight on Top of Tall Building.

Macon, Ga., May 18.—Seventy feet above the ground among the steel beams of the new federal building in Macon, Thomas Battle, a man more than 50 years of age, assailed D. M. Berry, a foreman, 35 years of age, Thursday afternoon, knocking the victim through the scaffolding to the ground, killing him instantly.

The two men had quarreled over possession of a rope used by Berry in hoisting a heavy beam, and while Berry was mounting to the third floor Battle struck him three terrific blows on the head with an iron rod. Footing was lost under the disadvantages and Berry was sent downward striking on his head. His neck was broken and his skull fractured in three places.

Coroner Young summoned a jury and held an investigation, which resulted in a charge of murder against Battle. The man was locked up at police station and turned over to the United States authorities.

IMPORTANT RULINGS.

Interstate Commerce Commission Issues Circular.

Washington, May 18.—An important circular has been issued by the interstate commerce commission. It contains two administrative rulings which are of special interest both to the railroads and to the shipping public.

In the first, "the committee expressed the opinion that under the law a carrier or a person or corporation opeating a railroad or other tansportation line cannot as a shipper over the lines of another carrier be given any preference in the application of tariff rates on interstate shipments. In other words, one carrier shipping its fuel, material or other supplies over the line of another carrier, must pay the legal tariff rates applicable to the same commodities shipped by an individual.

It is said there probably is not a railroad in the country that has to pay the regular tariff on its supplies from the initial point to the point of destination. This is especially true of coal used by the railroad for fuel purposes. The commission holds, in effect, that this is discrimination, and that the railroad must pay the same tariff as the individual. The second ruling relates to the return of astray shipments.

"Instances occur," says the commission, "in which, through error or oversight on the part of some agent or employee, a shipment is billed to an erroneous destination or is unloaded short of destination, or is carried by. The commission is of the opinion that in bonafide instances of this kind, carriers may return astray shipments to their proper destination or course without the assessment of additional charges and may arrange for such movement of such astray shipments for each other on mutually acceptable terms without the necessity of publishing, posting and filing tariff under which it would be done."

NOVEL RACE IS RUN.

To Save Title to $100,000 Property on the Mississippi River.

New Orleans, May 18.—At daylight Thursday a race down the Mississippi river to save the title to the $100,000 Mississippi river quarantine station, which the United States government has agreed to buy from this state, ended at Ponte a La Hache, with a state official ahead of the man who has claims to this valuable land.

Thursday United States District Attorney Howe, in New Orleans, discovered that the deed to the land, issued in 1898 to the state board of health, had never been registered at Ponte de La Hache, county seat of Plaquemine parish, where the quarentine station is situated. Plaquemine is difficult to reach, and when the error was found, it was already too late to go there by train, so the state board of health chartered a tug and made the run late Thursday.

Robert H. White, who for several years has been pre-epting wild lands in the lower Mississippi delta, is the man who had a claim on the quarantine property.

Capitulation of 'Frisco's Mayor.

San Francisco, May 18.—The Call Friday said: From this time forward, Eugene Schmitz will be the mayor of San Francisco in name only. He has relinquished the reins of government to a committee of seven, representing the five great commercial organizations of the city. Beginning with Friday the city is under the control of men whom the Mayor selected to administer the city's affairs upon the lines demanded by the public. The capitulation of the mayor is complete.

President Goes to Virginia.

Washington, May 18.—President and Mrs. Roosevelt, acompanied by their son Archie, left Washington on Friday over the Southern railway for a few days' vacation at Pine Knot, Va., Mrs. Roosevelt's country home.

May Have Been Drowned.

Savannah, Ga., May 18.—The fishing smack Dream, of Charleston, was wrecked on Ossabaw island and the captain, known to the crew only as "Captain Albert," is missing and is thought to have been drowned.

TERRORISTS MAKE AN ATTACK ON SOLDIERS

Rob Office of the Vistula Railroad of Large Sum.

THEN FLED WITH THE LOOT

Soldiers Fired Volley at Them as They Ran, but Instead of Hitting the Fugitives, Killed and Wounded Several Bystanders.

Warsaw, Russian Poland, May 18. A band of terrorists held up the city office of the Vistula railroad, on Pluga street, at 10 o'clock Thursday morning and got away with $5,000, after a severe fight in which four persons were killed and nine wounded. The office was full of people at the time, and soldiers were guarding the approaches, but the terrorists attacked them with revolvers, killing two and injuring four of the guards before they reached the place where the money was kept.

Then, snatching up a bag containing $5,000, the man ran out of the office.

The soldiers fired a volley at the fleeing terrorists, but only succeeded in hitting some bystanders, two of whom were killed and five seriously wounded.

COSSACKS MAKE ATTACK.

Killed and Wounded Many Persons Who Were Working in Factory.

Lodz, Russia, May 18.—Forty-five officials and workmen of Kutners' spinning mills were shot down Friday morning by a patrol of Cossacks, because a band of Terrorists attacked a mail wagon in the neighborhood, killing a Cossack guard and wounding another Cossack and two postoffice officials.

While the wagon was passing along Lokowa street, the terrorists suddenly appeared from a side street, opened fire on the Cossack escort, seized $1,000 from the wagon and escaped. A moment later a patrol of Cossacks arrived on the scene, and infuriated by the fate of their comrades, rushed into the Kuttner factory, which was near the spot where the robbery occurred, and began firing indiscriminately, killing fifteen and wounding over thirty persons.

The greatest indignation prevailed here, as it is claimed that the employees of the factory had nothing to do with the attack on the mail wagon of the government.

ANOTHER GREAT CANAL.

Runs from New York to Long Island City Under East River.

New York, May 18.—Another of the tunnels that are to connect the island of Manhattan with adjacent territory was nominally completed late Thursday when workmen broke through the last crust of rock and dirt in the North tube of the Belmont tunnel, which huns from New York to Long Island City.

Some of the engineers and workmen soon afterwards walked through the tube from shore to shore. Announcement was made that this tube would be ready for trains by August 1st.

The boring of this tunnel has taken two years. It was a difficult engineering job, the bore running more than 100 feet under the East river. Quite a number of workmen lost their lives during the progress of the work.

The tunnel is to be connected with the Grand Central station in New York.

Killed in a Runaway Accident.

Nashville, Tenn., May 18—A Chattanooga dispatch says that Mrs. W. J. Bass, wife of Major W. J. Bass, and daughter of John M. Madden, of this city, was killed in a runaway accident of Chattanooga Thursday. She was prominent in social circles both in this city and Chattanooga.

Yerkes Will Probated.

London, May 18.—The probate of the will of the late Charles T. Yerkes was granted Friday. The estate in the United Kingdom was sworn at $28,200.

UNION SERVICE AT TABERNACLE

Rev. Craighill to Deliver Commencement Sermon Tonight.

ALL CHURCHES WILL UNITE

In This Service, Which Will be an Impressive One—A Delightful Musical Program Will be Had Participated in by Combined Choirs of City.

At the request of the Ministerial Association, which decided that this be a union service in order that the congregations of all the churches might have the opportunity of attending, it has been decided to have the commencement sermon at the Tabernacle, this evening at 8 o'clock, instead of at 10:30 a. m. as previously announced. The Christian church, which is using the Tabernacle for a series of meetings, has kindly consented to give way, and will hold their service at 3:30 p. m. instead of at night.

The commencement services will be in charge of Rev. T. J. Nixon of the First Methodist church. The music will be furnished by the choirs of the city, led by Mr. Cadwallader of the Episcopal choir. The following is the order of service:

1. Song, "Holy, Holy, Holy," by choir and congregation.
2. Scripture reading and prayer, Rev. T. J. Nixon.
3. Song, "Onward, Christian Soldiers," chair and congregation.
4. Commencement sermon—Rev. F. H. Craighill.
5. Prayer—Rev. T. P. Hay.
6. Doxology.
7. Benediction—Rev. T. J. Nixon.

Ushers—Masters Gibbs Chesnut, John Bennett, Thomas Dean, Alpheus DaCosta, Harly Jarvis and Clark Evans, of the eighth grade.

The pupils of the four classes of the high school are requested to assemble on the Tabernacle portico at 7:45 promptly.

Funeral of Mrs. Gleason.

The funeral of Mrs. Geo. A. Gleason, the sad death of whom occurred Thursday morning, was held Friday morning from the residence of her uncle, R. B. Peeler, South Gainesville, Rev. T. J. Nixon of the First Methodist Church officiating.

The funeral was largely attended, many friends being present to pay their last sad respects. The floral contributions were numerous and handsome, the casket being covered.

A large concourse of sorrowing relatives and friends followed the remains to their last resting-place, and the grave was covered with flowers.

The Sun, with other friends, deeply sympathizes with the family in their hour of bereavement.

ANOTHER SOCIETY TO MEET HERE

State Horticultural Society Will Come Here Next Year.

A PROMINENT ASSOCIATION.

Is Composed of a Majority of the Leading Fruit Growers of the State, Men of Means and Integrity—Gainesville Delegates Played Well.

Gainesville will entertain the next annual State convention of the Florida State Horticultural Society, which is one of the most important organizations in the State.

This information came Saturday from a representative of the Alachua county association, who stated that this city had been chosen as the next meeting place.

Gainesville had a fine delegation at St. Petersburg, where the meeting was held this year, and which was in session for three days, ending Friday night. The delegates who so faithfully and efficiently represented Gainesville were Prof. P. H. Rolfs, who is also president of the society; Prof. A. W. Blair of the Florida experimental farm, Henry Ramsey, E. E. Cannon, Geo. R. Ellis, W. N. Wilson and others. The people of Gainesville thank them sincerely for their efforts in inducing the horticulturalists to hold their next meeting here.

JONESVILLE HAPPENINGS.

Jonesville, May 18—J. M. Pickett of Cedar Key visited relatives here last week.

Mrs. M. A. Tucker of Judson is here visiting relatives.

W. L. Pickett of Tiger Bay was here last week visiting his parents, Mr. and Mrs. T. R. Pickett.

Mrs. L. W. Knight and two daughters of Cadillac visited relatives here last week.

Mr. and Mrs. Stalvey of Alachua visited the latter's parents here last week.

Misses Cora and Orlee Hathcox visited relatives at Tioga Sunday.

Mrs. G. H. Smith of Newberry visited relatives here Sunday.

Master Milton Smith of Newberry, who is just up from a severe attack of typhoid fever, is spending a while here for the benefit of his health.

J. W. Miller of this place has accepted a position with Tucker & Roland of Newberry.

Miss Clem Pickett expects to take her departure for Ft. White Friday to visit her friends, Misses Nellie and Pauline Stinchcomb.

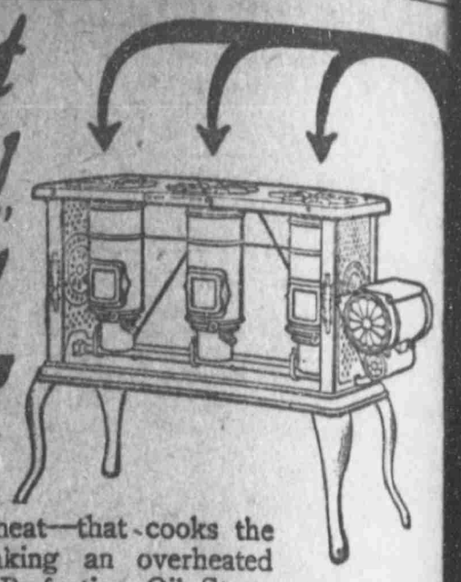
The farmers of this section enjoyed a fine May shower today, which was greatly needed.

The Sunday School Convention will meet with Jonesville church June 28th, 29 and 30th. Everybody is cordially invited to attend. The good women of Jonesville are already preparing for the dinner, by putting pigs and chickens in the pen to fatten. They know that all preachers like chicken, and a number of preachers are expected.

Sore Nipples.

Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results. For sale by all druggists.

All the Heat Where it's wanted, When it's wanted



A hot stove in a hot kitchen makes a hot cook. Use a stove that gives *concentrated* heat—that cooks the meal quickly without making an overheated kitchen. With the New Perfection Oil Stove you get a working flame *at moment of lighting.* The

NEW PERFECTION

Wick Blue Flame Oil Cook-Stove

is the *new* oil stove. Embodies new principles. Gives best results. Chimneys are enameled in blue, which makes them rust-proof and easily cleaned. Made in three sizes, with one, two, and three burners. Every stove warranted. If not at your dealer's, write to our nearest agency for descriptive circular.

The *Rayo Lamp* is the best lamp for all-round household use. Made of brass throughout and beautifully nickeled. Perfectly constructed; absolutely safe; unexcelled in light-giving power; an ornament to any room. Every lamp warranted. If not at your dealer's, write to our nearest agency.

APPROPRIATIONS SPECIAL ON MONDAY

Bill Provides for $570,000 for Education and Buildings.

THE GOOD ROADS BILL

Measure Made a Special Order for the House Wednesday — Considerable Debate Over Sams Printing Bill. Other Matters of Interest.

Special to The Sun:

Tallahassee, May 18.—The college appropriation bills have been made a special order for Tuesday morning at 9:30, when both the Senate and House companion bills will be considered. The bills carry a total appropriation of $570,000, which includes $150,000 for the erection of new buildings for the University. The prospects for the passage of the measure seem fairly good.

The good roads bill was set for special order in the House Wednesday.

Action on what is known as the Lake City bill appropriating grounds and $15,000 to reimburse that city for money expended on former University grounds and buildings, was again postponed, and the report is again current of the possibility of a denominational school there, but not with State aid or supervision.

Acrimonious debate in the House over the Sams printing bill.

There has been much feeling here over the intimation of secret administration and caucuses to influence legislation, and the lie has been passed frequently.

Rumors of extra session are current, owing to the unfinished legislation before the Legislature.

The Senate and House adjourned until Monday. The Senate, beginning Monday, will hold night sessions.

THE PHOSPHATE IS GOOD.

Analysis Shows Up Well, and Land Owners Are Jubilant.

J. I. Holder of Alachua was among those who spent Saturday in Gainesville.

It will be remembered that there was a discovery of phosphate upon the lands of Mr. Holder and others near Newnansville a few weeks ago, which created quite a sensation. A sample was brought to this city and analyzed, and showed a per centage of 67.90½.

By the discovery of this phosphate the lands in that section have considerably increased in price, jumping in one instance from $12.50 to $150 per acre.

The people of Alachua and Newnansville are jubilant over the prospects, as it is believed the owners of the property will either conduct plants or lease the lands to operators. In either event the plants will be erected, which will mean a great thing commercially for that section.

R. A. BECKER'S NARROW ESCAPE.

Was in Collision With Oil Steamer a Few Days Ago.

R. A. Becker, chief officer of the steamer Bayoma of the Ward Line, plying between New York, Cuba and Mexico, had a thrilling experience and a narrow escape from death a few days ago, according to the information received by letter to Mrs. Becker.

Mr. Becker states that his steamer, in a dense fog, collided with an oil tank steamer off the coast of Virginia, and was so badly damaged that all hands were put to pumps, and it required the most heroic efforts to keep the ship afloat until she reached Newport News, where she was docked for repairs.

Fortunately no one was injured, but it was necessary for all to work hard to keep the steamer afloat.

Wild Scene in Board of Trade.

Chicago, May 18.—The scenes of wild excitement which attended the sensational advance in wheat prices in the board of trade were duplicated during the early trading today. The market instead of opening at a higher levur, as expected by many, showed sharp declines, the prices racing all the way from ½ to 1 cent compared with final quotations of the previous session. Within the first fifteen minutes, however, the market had not only regained all the opening loss but had in some cases advanced to a point 1½ cents above Thursday's closing prices.

DESIGNS ON KAISER'S LIFE.

Thought to Have Been an Attempt To Kill German Emperor.

Berlin, May 18.—According to the Mittag Zeitung, what may have been an attempt to shoot the Kaiser in the neighborhood of Weisbaden, was made.

Some one fired a revolver at a high power automobile running between villages of Ehrenheim and Hammershein, but the bullet passed harmlessly over the heads of the occupants. Ten minutes later the kaiser's car passed.

It is assumed that the person who fired the shot mistook the first automobile for that of his majesty. A reward has been offered for the discovery of the shooter.

Relief from Rheumatic Pains.

"I suffered with rheumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapaciated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlan's Pain Balm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by all druggists.

Limited Armaments.

Rome, May 17.—Foreign Minister Tittoni, in the course of his statement in the chamber of deputies on the attitude of Italy at the coming peace conference at the Hague, said that the Italian government was in favor of the limitation of armaments and would even take part in a discussion of the question at the Hague, but the government agreed with the Austro-German view on the subject, because of difficulty in finding a practical acceptable solution of the problem involved.

$28,000 Is Burned in Stage Coach.

Los Angeles, Calif., May 17.—A story has just reached here of the accidental burning of a stage coach in Death Valley, near Ash Meadows, in which $15,000 in bank bills and $13,000 in registered mail were consumed. The stage is supposed to have caught fire from a cigar which the driver, Ed Love, was smoking. Love reached Greenwater Sunday night and related the story. The money was consigned to the Greenwater bank.

Japanese Companies with Capital of $350,000,000 Closed.

Victoria, B. C., May 18.—Advices from Japan state that the speculative craze is being stopped and within the past few weeks thirty speculative companies have dissolved with an aggregate capital of $350,000,000. The market is expected to be further relieved by the abandonment of other concerns with an aggregated capital of $100,000,000. This has necessitated the canceling of large orders of machienry, mots, of which were placed in the United States.

The Japanese government has also declined to sanction the construction of not less than thirty electric railways on the ground that to grant the charters for these lines would be opposed to the government's policy of state ownership.

From Tokio comes word that the loan of $10,000,000 is to be sought in England to assist in carrying out a scheme of harbor improvement, estimated to cost $23,000,000.

The Heyord Choo Choo, of Tokio, publishes news that Marquis Ito is expected to resign as president general of Korea and Count Katzura may follow him. The Japanese papers say Marquis Ito has lost the confidence of the emperor. The paper adds that Marquis Ito's policy in Korea has been regarded as too gentle by the military of Japan, and that his successor will probably handle Korea without gloves.

Tokio papers report that a large shipment of ammunition from San Francisco, imported at Nagasaki by a Russian, has been shipped to Kamtchatka on a German steamer for use of revolutionists.

Decrease in Exportation.

Washington, May 18.—Continued decrease in the exportation of canned beef is shown in a statement issued by the bureau of statistics of the department of commerce and labor Friday. The falling off in this trade is not confined to any one country, but is general. The exports of the canned beef for April last amounted to 893,057 pounds, against 4,121,000 pounds in the same month of last year and for the ten months ending with April the exportations showed by 13,032,703 pounds, against 56,730,873 duing a similar period last year.

Stop Grumbling.

If you suffer from Rheumatism or pains, for Ballard's Snow Liniment will bring quick relief. It is a sure cure for Sprains, Rheumatism, Contracted Muscles and all pains—and within the reach of all. Price 25c, 50c, $1.00. C. R. Smith, Tenaha, Tex., writes: "I have used Ballard's Snow Liniment in my family for years and have found it a fine remedy for all pains and aches. I recommend it for pains in the chest." Sold by W. M. Johnson.

Refuses Another Election.

Montgomery, Ala., May 18.—It is announced that Dr. Thomas M. Owen, who is serving his second term as commander in chief of the United Sons of Confederate Veterans, will under no circumstances allow his name to be presented for another election at the coming reunion in Richmond. While he is thoroughly in love with the work, he finds himself so overwhelmed with offical and personal obligations that he can no longer give the time necessary to it.

3,000 Witness Corner Stone Laid.

Barnesville, Ga., May 18.—Thursday was one of the biggest days in the history of Barnesville. At least 3,000 visitors were present to witness the ceremonies attending the laying of the cornerstone of the Sixth District Agricultural college, and to partake of the feast spread in the shape of a barbecue prepared by the citizens of the city and community.

Lawn Tennis Matches.

New York, May 18—Talk has been revived concerning a series of international lawn tennis matches between the women of this country and Great Britain, and assurances are given that definite arrangements will be made to hold the first match in America for some time in August of next year

Men, Attention—Be wise; send for our sealed booklet—free and instructing. Only cure; enlarges parts. No medicine; no fake. So. Inst. Co., Box 433, Houston, Texas.

Don't Starve Your Hair

What do you think your doctor would say about feeding your hair with Ayer's Hair Vigor, the new kind? He knows that it feeds, nourishes, strengthens. The hair stops falling out, grows more rapidly, and all dandruff disappears.

We publish the formulas of all our preparations. J. C. Ayer Co., Lowell, Mass.

Women Avoid Operations

MISS ROSE MOORE

When a woman suffering from female trouble is told that an operation is necessary, it, of course, frightens her.

The very thought of the hospital, the operating table and the knife strikes terror to her heart.

It is quite true that these troubles may reach a stage where an operation is the only resource, but a great many women have been cured by Lydia E. Pinkham's Vegetable Compound after an operation has been decided upon as the only cure. The strongest and most grateful statements possible to make come from women who by taking

Lydia E. Pinkham's Vegetable Compound

made from native roots and herbs, have escaped serious operations, as evidenced by Miss Rose Moore's case, of 307 W. 26th St., N.Y. She writes:-

Dear Mrs. Pinkham:-"Lydia E. Pinkham's Vegetable Compound has cured me of the very worst form of female trouble and I wish to express to you my deepest gratitude. I suffered intensely for two years so that I was unable to attend to my duties and was a burden to my family. I doctored and doctored with only temporary relief and constantly objecting to an operation which I was advised to undergo. I decided to try Lydia E. Pinkham's Vegetable Compound; it cured me of the terrible trouble and I am now in better health than I have been for many years."

This and other such cases should encourage every woman to try Lydia E. Pinkham's Vegetable Compound before she submits to an operation.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised.

SERVICES WILL BE INTERESTING TODAY

There Will be a Commencement Sermon at the Tabernacle.

GAINESVILLE PUBLIC SCHOOL

Will Attend in a Body, This Being the Commencement Sermon for 1907, to be Delivered by Rev. F. H. Craighill. List of Services Elsewhere.

The regular services of the various churches today have been changed somewhat, owing to the commencement sermon of the Gainesville High School, which will be delivered this evening at the Tabernacle. At this service there will be a fine musical program and the sermon will be delivered by Rev. Francis H. Craighill, Holy Trinity Church. This will be a union service of the Methodist, Presbyterian and Baptist churches, which is an assurance that a good crowd will be in attendance. Mr. Nixon will preside over the meeting.

At the First Baptist Church there will be Sunday school at 9:30 a. m. Owing to the absence of the pastor, Rev. S. B. Rogers, the church has been kindly loaned to the Christian church, and there will be preaching at 11 o'clock, when Rev. J. B. Nelson will deliver the sermon. Mr. Nelson, who is an evangelist of note, has been effectually conducting a series of meetings at the Tabernacle. He will also deliver a sermon at the Tabernacle at 3:30 o'clock, the subject being "The Great Telephone System." This will close the meetings which have been conducted by Mr. Nelson, and which have proved of great benefit to the Christian church in this city. Mr. Nelson is an eloquent and impressive speaker, and it is a pleasure to hear him.

First Methodist Church, Rev. T. J. Nixon—Sunday school at 9:30 a. m. Preaching by the pastor at 10:45 a. m.; subject, "We Are His Workmanship." Church conference at the close of the service. Junior League at 2:30 p. m.; Senior League at 3:30 p. m. No evening service on account of the commencement sermon at the Tabernacle, to which the congregation is invited.

At Holy Trinity Church, Rev. Francis H. Craighill—There will be holy communion at 7 o'clock, morning prayer and sermon at 10:30, and Sunday school at 4 o'clock in the afternoon. There will be no evening service, Dr. Craighill having been selected to deliver the commencement sermon for the Gainesville Graded and High School, and to which the congregation is invited.

First Presbyterian Church, Rev. T. P. Hay—Preaching at 10:30 a. m.; Sabbath school at 4 o'clock. No evening service. The congregation is invited to the Tabernacle to hear Brother Craighill of the Holy Trinity church, who will deliver the commencement discourse.

Advent Christian Church, Elder James Lee—Sunday school at 10 a. m. Preaching at 10:45 a. m.; subject, "Warfare." Preaching again at 7:30; subject, "What Nebuchadnezza Saw."

The usual services will be held at St. Patrick's Catholic church, Rev. P. J. Lynch.

AN ENJOYABLE EVENING.

Junior Class of Gainesville Public School Entertained Seniors.

The junior class of the Gainesville Graded and High School entertained the senior class and their friends at the home of the Principal, Prof. T. F. McBeath, Friday night.

Among the guests were Superintendent and Mrs. Kelley, Mr. and Mrs. J. H. Vidal, and Col. and Mrs. W. W. Hampton. Dr. Kelley made a fine talk, which was appreciated.

The program was one of a literary and musical nature, and was one of the best ever heard here.

Delicious refreshments were served, and those in attendance were highly appreciative.

Do You Love

your baby? You wonder why he cries. Buy a bottle of White's Cream Vermifuge and he will never cry. Most babies have worms, and the mothers don't know it. White's Cream Vermifuge rids the child of worms and cleans out its system in a pleasant way. Every mother should keep a bottle of this medicine in the house. With it, fear need ever enter her mind. Price 25c. Sold by W. M. Johnson.

MELON SEASON WILL OPEN EARLY

Prospects for a Large and Profitable Yield This Year.

ACREAGE HAS BEEN INCREASED

Chamberlin & Barlow Will Probably Open the Season by Early June Shipments— Fruit Promises to be Unusually Fine and Large.

The watermelon season will open two weeks earlier than usual this season, and promises to be one of the most profitable in this section for many years, as many growers have been added to the list, while others have increased their acreage.

Chamberlin & Barlow, who are among the extensive growers of this section, report that they will be shipping about June 5. The plants are maturing finely, the fruit is fine, and they estimate that they will get from sixty to seventy-five car loads from their melon farm of 115 acres on Wauburg Lake. Inasmuch as they will probably be the first shippers, it goes without saying that the prices received for their product will be highly satisfactory.

There are many other large growers of melons, all of whom report good prospects, and if these indications turn out well the melon grower this season will be well rewarded for his efforts.

Good Words for Chamberlain's Cough Remedy.

People everywhere take pleasure in testifying to the good qualities of Chamberlain's Cough Remedy. Mrs. Edward Phillips, of Barclay, Md., writes: "I wish to tell you that I can recommend Chamberlain's Cough Remedy. My little girl, Catherine, who is two years old, has been taking this remedy whenever she has had a cold since she was two months old. About a month ago I contracted a dreadful cold myself, but I took Chamberlain's Cough Remedy and was soon as well as ever." This remedy is for sale by all druggists.

FROM JENNINGS LAKE.

County Division of Farmers' Educational and Co-Operative Union.

Jennings Lake, May 18.—There was a meeting here on the 10th inst. for the purpose of organizing a county division of the Farmers' Educational and Co-operative Union, which was successfully organized by J. G. Smith, State organizer, and the following officers were elected:

T. A. Gay, president; W. X. Bryant, vice-president; W. C. Townsend, secretary; F. B. Love, chaplain; W. G. Sanders, door-keeper; G. H. Gibson, conductor; G. H. Gibson, B. D. Weeks, W. E. Brown, committeemen; W. E. Brown, business agent; J. W. Harris, delegate to State meeting; F. B. Lane, county organizer.

The next meeting will be held with Cherry Sink on August 9.

A SPRING MEDICINE.

With the advent of spring many people feel the need of a tonic of some sort, and there are not a few favorite spring tonic formulas treasured almost as heirlooms in old families. Some of these have real merit and should be made public for the public good, but their holders are in most cases loath to give them wide publicity. A thoughtful scientific prescription that is found to do the work required of a spring medicine and to do it quickly and agreeably is composed of ¼ oz. Fluid Extract of Buchu, 1 oz. Bulso Mixture, ¼ oz. Fluid Extract Gentian Compound and 15 ozs. water. The proper dose is a tablespoonful taken three times a day, before meals. Any good pharmacy will put up this prescription at small expense.

Confederate Veterans' Reunion, Richmond, Va.

The Seaboard Air Line announces low excursion rates from all Florida points, made one cent per mile to Richmond, Va., and return account of the reunion—tickets on sale May 26, 27, 28, 29 and 30th. The Seaboard operates double daily service from Tampa, Jacksonville and other Florida points. Extra through Pullman sleepers and day coaches have been arranged, so all may be made comfortable.

In order to allow their patrons to visit the Jamestown Exposition, the Seaboard will honor return portion of Richmond tickets from Portsmouth. The total round trip rates from some of the important points in Florida are as follows:

acksonville	$13.75	Apopka	$16.70
Lake City	13.75	Orlando	16.70
Live Oak	13.75	Dade City	17.05
Madison	14.00	Plant City	17.55
Monticello	14.65	Tampa	17.55
Tallahassee	15.45	Manatee	18.50
Gainesville	15.15	Palmetto	18.50
Ocala	15.75	Bradentown,	18.50
Leesburg	16.55	Sarasota	18.70
Tavares	16.70		

While these rates are announced for the Confederate Veterans they are open to the public.

The Seaboard has issued a very attractive and expensive folder devoted entirely to this occasion. Copies of this folder and other information can be obtained on application to any Seaboard agent or to

THE DAILY SUN, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for $5 a year; $2.50 six months; $1.25 three months; or 50 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for first insertion, and 5 cents for each additional insertion.

Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight-page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States or Canada, for $1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

Another objection to those rapid air-ship trips to Europe will spring from the fact that passengers will not be able to boast of having seen a sea serpent on the way over.

The only trouble, in Montenegro it is said, is that the Prince is trying to override the constitution. My, My! Suppose we Americans should fuss over a little thing like that!

That Illinois club woman who is severely crtitcising the President's views on race suicide, is likely to get herself elected a member of the "undesirable citizens' association."

"Raymond," who is reporting the political situation for The Chicago Tribune, appears to be making the mistake of interviewing people who are not on the Government pay roll.

Col. Watterson says, "the President has overworked Judge Taft as a man of all work, made him too much of a catch-and-carry," and thinks that Mr. Roosevelt's enemies may see "a deep design in this." Perhaps Mr. Roosevelt is merely assisting his fat friend to "bant" and train down for the race.

No special delivery postage stamps will be needed after the first of next July to insure immediate delivery of a letter. Pursuant to an act of the last session of Congress, Postmaster-General Meyer has issued an order that on and after July 1 next, if there is attached to any letter or package of mail matter 10 cents' worth of stamps of any denomination, with the words special delivery written or printed on the envelope or covering, in addition to the postage required for ordinary delivery, the article will be handled as if it bore the regulation special delivery stamp.

Senator Newlands has announced that the next President will be a Democrat. He called at the White House last week to talk over railroad matters with the President, he and Mr. Roosevelt being in decided sympathy on the subject, though political opponents. After his visit, he told some of the correspondents that he was not talking politics, but that he would venture the prediction that Bryan would be nominated and elected. He thought that the Republicans would nominate some good man, probably the choice of the President, but he insisted that the party was discredited and could not elect a sheriff if it wanted to.

Mr. Edwin Brobston has recently made a tour of Florida and finds a spirit of improvement in every section and indications of prosperity everywhere. The farmers are no longer raising a crop of mortgages and the dwellers in the cities are now largely owning their own homes. Mr. Brobston says that if Florida could get the benefit for thirty days of the immigrants landing at Castle Garden it would be one of the richest States in the Union. He says that our great need is people. We want them and should make every effort to get them. He says that Texas is getting them more rapidly than any other State in the South and in consequence of which farm lands even on the frontier command a fixed and ready sale at from $25 to $30 per acre.—Ocala Star.

PRESBYTERIANS ON RACE PROBLEM.

The report of the colored evangelization committee of the Southern Presbyterian Church, made to the forty-seventh annual assembly of that body now in session at Birmingham, is of significance as placing that great denomination in line with those leaders of Southern thought who have arrived at the conclusion that religion offers feasible solution of the race problem in the South.

The report, of the committee as summarized by James G. Snedecor, its secretary, is as follows:

"In the clamor of many opinions there is fast crystalizing a well-defined belief that religion is the prime factor in all efforts to deal effectively with the race problem. Its restraints should influence the dominant race to patient dealing with the follies of the interior, while the missionary spirit of Christianity should urge the wise to become the teachers of the ignorant."

This expression is identical in detail and sentiment with the views this paper has advanced for many months, and in the support of which it has enlisted the enthusiastic indorsement of many of the most prominent religious and secular leaders of the South.

After the doctrinaire has aired his specious wares and the demagogue his incendiary suggestions, the cheer fact remains that religion—true, workadays religion—is the only remedy we have not applied to a situation for which studied neglect and political agitation have both proven sovereign failures.

The Christian code, applied in good faith, without reservation or hypocrasy, means the ultimate elimination of misunderstanding, hostility and distrust—the three factors which breed and feed race prejudice. What is it that Christianity—all religion, for that matter—teaches? Toleration, patience, sympathy, the mutual helping hand. It is no theorizing; it is mere logic as inevitable as the sunrise, to assert that where these principles are conscientiously observed as the basis of the relation between the two races, friction, animosity and their sinister aftermaths are deprived of further room for existence.

If, as the report states, the "missionary spirit of Christianity" is brought into play with regard to the 11,000,000 negroes in this country as systematically and intelligently as in the case of the Chinese or other subjects toward which it reaches its benign doctrines, the solution of a problem which has been the most inscrutable in American history must be reduced simply to a question of patience and time.

The churches have not given the negro and his peculiar needs the intent study and attention that they have to the heathen over seas. Perhaps the very nearness and obviousness of the problem have caused it to be neglected—we cannot believe it is fear of its ramifications and its formidable proportions.

Herein lies the great historical opportunity for the Southern churches. Are they willing to undertake a task which has in it the certainest of service, not alone to any entire nation, but, above all, to the Omnipotence that is the vitality of all religious beliefs.—Atlanta Constitution.

Congressman J. Sloat Fasset of New York says: "I cannot see any way for the President to escape being renominated next year." Is the President looking very diligently for a way of escape?

Secretary Taft's mother does not wish her son to make the Presidential campaign. Still, it might be the making of the boy.

STATE SURVEYOR-GENERAL.

President Issues Order Retaining His Services Another Year.

The President has issued the following order continuing the office of surveyor-general of Florida for another year. It will be remembered that there was an order abolishing the office on June of the present year, and the present order is one recinding it. The order follows:

"It is hereby ordered, to enable the Legislature of the State of Florida to comply with Section 2221, U. S. Revised Statutes, that the abolition of the office of U. S. Surveyor-General of Florida be and the same is hereby postponed to June 30, 1908.

"THEODORE ROOSEVELT.

"The White House, May 4, 1907."

As we are able to manufacture more than our own people can consume at present high prices, the trusts are compelled to sell their surplus abroad in competition with goods made by "the pauper labor of Europe." To prevent this unfair competition all the European governments, except England, have increased their tariff rates, so there is danger that in the near future we will have an unsalable surplus of manufactured goods on hand for which it is impossible to find a market except at a loss. That condition will naturally lead to a shutting down of factories here or at least running them on shorter time, which will be equivalent to reducing wages. Now many of our manufacturers have already urged tariff reduction so as to get foreign countries to reciprocate by lowering their tariff rates against our products, but the Republican party being controlled by trust influences refuses to consider tariff revision as it would reduce their profits on their products sold in the United States. Are the standpatters to be forever protected at the expense of everyone else?

The Publishers' Press says: "A newspaper is in no sense a child of charity. It earns over every dollar it receives, and it is second to no enterprise in contributing to the upbuilding of a community. Its patrons reap far more benefits from its pages than its publishers, and in calling for the support of the community in which it is published, it asks for no more than in all fairness belongs to it, though generally it receives less. Patronize and help your paper as you would any other enterprise because it helps you and not as an act of charity."

WORMS

"I had for years suffered from what medical men called Dyspepsia and Catarrh of the Stomach. In August I purchased a box of Cascarets and was surprised to find that I "had 'em"—yes—a wiggling, squirming mass left me. Judge our doctor's surprise when I showed him thirty feet, and in another day the remainder (about the same length) of a tapeworm that had been sapping my vitality for years. I have enjoyed the best of health ever since. I trust this testimonial will appeal to other sufferers."

TREASURE UNEARTHED.

Erie Bonds and Blackened Gold Coins Found in Detroit.

Cleveland, O., May 18.—Erie railroad bonds worth $116,740 and $575 in blackened gold coins were found Thursday when the rusted tin box which contractors B. W. Hollingsworth recently unearthed in the ruins of the century old Ohio city inn at 2311 Detroit avenue, northwest, was forced open.

The original owner of the treasure was George C. Moran, who mysteriously disappeared in 1874. A heap of charred bones, found several days before the box was dug up by Hollingsworth in a bricked-in fire place, otherwise was to substantiate the theory that Moran was murdered.

Originally the bonds had a par value of $40,000. Accumulated interest, dividends and markket rises, have brought their value up to $116,740.

Because he was to have all the material in the building as compensation for tearing it down, Hollingsworth the contractor, claimed the entire contents of the box. He finally, however, compromised with the present owner of the property and divided the gold with him. The bonds have been placed in the custody of United States Judge Tyler, who will hold the bonds for five years while search is being made for Moran's heirs.

Woman Gets Damages.

Columbus, Ga., May 18.—The jury in the case of Miss Henry Potts vs. R. L. Ross, suit for $2,500 damages for personal injuries, returned a verdict for $300. The plaintiff alleged that the defendant stretched a rope across the sidewalk from his bicycle shop and fastened it to an automobile on the other side of the sidewalk; that the rope was lying on the walk; that as she stepped over the rope it was drawn tight; that it was raised to such a height as to trip her, throwing her violently to the ground, the fall breaking one of her limbs.

If You Don't

Succeed the first time use Herbine and you will get instant relief. The greatest liver regulator. A positive cure for Constipation, Dyspepsia, Malaria, Chills and all liver complaints. Mr. C—. of Emory, Texas, writes: "My wife has been using Herbine for herself and children for five years. It is a sure cure for constipation and malaria fever, which is substantiated by what it has done for my family." Sold by W. M. Johnson.

Skyscraper Is Planned.

Birmingham, Ala., May 17.—M. V. Joseph, of the firm of Loveman, Joseph & Loeb, who left for Europe, just before his departure said that it would not be long before a ten-story structure would be erected in the rear of the present establishment conducted by his firm, and which is one of the largest dry goods houses in the south.

Columbus Vets Going to Richmond.

Columbus, Ga., May 17.—Camp Benning, United Confederate Veterans, has decided to travel to the reunion at Richmond via the Central of Georgia and Seaboard Air Line railways, going to Atlanta. About 25 veterans and a number of their friends and relatives will compose the party.

Indigestion.

With its companions, heart burn, flatulence, torpidity of the liver, constipation, palpitation of the heart, poor blood, headache and other nervous symptoms, sallow skin, foul tongue, offensive breath and a legion of other ailments, is at once the most widespread and destructive malady among the American people. The Herbine treatment will cure all these troubles. 50c bottle. Sold by W. M. Johnson.

STRIKING LONGSHOREMEN.

May Lay Grievances Before President Roosevelt at Washington.

New York, May 17.—The striking longshoremen will appeal to Bruce Ismay, head of the International Mercantile Marine, who is coming on the steamer Adriatic, to grant their demands. Failing in this, it was stated, they will appeal to President Roosevelt for arbitration. Patrick Connors, chairma nof the executive committee, said:

"If we cannot get our rights here we will go to Washington, and lay it all before Mr. Roosevelt. We can send a committee there and show him that our cause is just and our men deserving. He will take care of us."

Representatives of the steamship companies say that the appeal to Mr. Ismay will be fruitless. They claim the strike is breaking and that the men are returning to work.

Cotton Outlook Discouraging.

Decatur, Ala., May 18.—The cotton crop outlook in this section of Alabama is quite discouraging at this time on account of the cool weather and the heavy rains which have kept the ground too wet for work most of the time. Taking the Tennessee valley as a whole, not more than half of the cotton crop has as yet come up and will have to be replanted. The plant is weakly, due to cool nights, and much of it has entirely died out.

To Meet in Washington.

Washington, May 18—The religious Educational association has been invited to hold its sixth general convention which meets in February, 1908, in this city. This action was determined upon at a conference here of representatives of the boards of Y. M. C. A., local members of the Educational association and Henry C. King, of Oberlin, O., president of the General Educational association.

"Baroness" Gets Seven Years.

New York, May 18.—Anisia Louis DeMassey, popularly known as the Baroness de Massey, recently convicted of having shot and killed Gustave Simon, a Broadway shirtwaist manufacturer, was Thursday sentenced to serve seven years and five months in the state's prison for women at Auburn.

Babies Given Away.

New Orleans, May 18.—Fifty-eight babies and children, under seven years of age, from New York charitable institutions, are being distributed in New Orleans and Louisiana. The children are one of several consignments to the state. A trainload carrying about 100 children arrived here two weeks ago.

Georgia Odd Fellows to Meet.

Columbus, Ga., May 18.—The grand lodge of the Georgia Odd Fellows will meet in this city next Wednesday, the 22nd instant, for a three days' session. Prominent Odd Fellows from all parts of the state and from other states are expected to be in attendance. At the same time the Daughters of the Rebekahs will hold their state convention here.

Negro Charged with Assault.

Decatur, Ala., May 18—Tom Coleman, a negro, was arrested Thursday night by Sheriff Tom Shipp, charged with attempted assault on two white ladies, Mesdames B. W. Wear and F. B. Williams, who were driving on a country road. Considerable feeling is aroused.

Siam's King Going to Paris.

Milan, May 18.—The king of Siam has arrived here on his way to Paris, France.

Pretty Close.

A certain elderly lady was in a fairly good position and lived in one of the suburbs of a large town. One morning she went to her butcher with a basket filled with wooden skewers. She told him she had saved them—that they had been weighed to her as meat and that she had brought them to receive their weight back again in meat! Is there a man bold enough to carry economy so far?

Perhaps the meannesses of mean people are more often actuated by feelings of avarice than by those of economy. It would be difficult, for instance, to find a worse case than the following: An old man once wrote a letter to a friend, and, wishing to save his stamp, he ordered his servant to take it to its address. It was raining, and the girl wore a new dress that she was afraid of spoiling. She looked into the street, saw a boy she knew, and, calling out to him, she said, "Deliver this letter for me, and I will give you a penny." The miser heard the offer and said, "Give me the penny, and I will carry the letter myself." What is more, he did so.—London Captain.

MARVELS OF WORKMANSHIP.

The Violins That Were Made by the Famous Old Masters.

The old masters used such care in the selection of the woods for their instruments that, having found a piece of wood of proper fiber and vibrational powers, they treasured every fragment, no matter how small, and rather than waste even a particle of such a strip they frequently constructed the backs and bellies of patches so delicately put together that "the seams are only discoverable by microscope, so perfect is the cabinetwork." It was ever the aim of the old masters to "marry" the back of hard sycamore, which produces the quick vibrations, and the belly of soft wood, producing the slower sound waves, in such a manner as to give the mellow but reedy timbre of the perfect instrument. Anatomically a violin made by an old master is a miracle of construction. It can be taken to pieces, patched, put together, repaired indefinitely and is almost indestructible. Repairing has been the means of exposing many clever forgeries. The inside of a violin made by Stradivari, Guarnerius or other old masters is as perfectly finished inside as outside, and the clumsy interior work of a forgery betrays an imitation at once.—Circle Magazine.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

There is probably no medicine that is relied upon with more implicit confidence than Chamberlain's Colic, Cholera and Diarrhoea Remedy. During the third of a century in which it has been in use, people have learned that it is the one remedy that never fails. When reduced with water and sweetened it is pleasant to take. For sale by all druggists.

THE DAILY SUN, 10c a Week

FRIDAY'S WORK AT STATE CAPITOL

Another Day of Animated Debate in Florida Legislature.

MANY IMPORTANT MATTERS

Were Disposed Of in Both Senate and House—Appropriation for Institutions of Higher Education—Friends of Immigration Get Shock.

As far as the Senate was concerned Friday was largely consumed in debate the telegraph bill taking up the most of the morning session. It was bill No. 58, fixing penalty for refusal to accept messages. Many of the Senators opposed this bill in preference to the MacWilliams bill placing telegraph companies under control of railroad commission. In the afternoon session the second of the telegraph bills relating to non-delivery of messages went through with practically no discussion. A great part of the afternoon was also consumed in the debate on the street-car fender bill. The bill was indefinitely postponed.

The House passed the anti-lobby bill and the appropriation bill for higher and the appropriation bill for the higher education.

The number of special order bills in both houses are increasing daily.

The House refused to concur in the Adams amendment to the House bill, which increased the pay of county school boards to $5 per day, and the Senate receded from its amendment, and the bill, as originally introduced, providing for an increase to $4 a day, will become a law when signed by the Governor.

The new drainage bill by Mr. Crane of Hillsborough is said to possess many advantages over the Act of 1905. The bill will be special order in the Senate next Thursday.

SENATE PROCEEDINGS.

The Senate was called to order at 9:30 a. m. President Harris in the chair and a quorum present.

Only one new bill was introduced in the regular order.

Messages from the House of Representatives were considered and bills of general nature referred to proper committees.

House bill No. 513, by Mr. Kilgore—Regulating the hunting of wild game in Sumter county, read first time. On motion of Senator Baker, rules were waived, bill read second time by title and third time in full and passed 24 to 0.

By permission the following new bill was introduced:

Senate bill No. 418, by Mr. McCreary—Prohibiting the use of log carts, with certain exceptions, on hard roads in the State.

Senate concurrent resolution No. 15 on table subject to call was withdrawn by Mr. Cone, and Senate bill No. 378—Requiring State to deed to Lake City, certain property and $15,000, was substituted in its preferred place on the calendar.

Hon. Stephen R. Mallory, United States Senator, was invited to a seat by the side of the president and was greeted with applause as he ascended the rostrum.

The hour for the special orders having arrived, Senate bill No. 365, by the committee on visiting State institutions, was called. Senators Henderson and Massey objected to its consideration at this time and until the bill could be printed. Senator Buckman thought the delay might endanger the bill on account of the crowded condition of the calendar. The original bill was read by its title, making appropriation for University of Florida, the Florida Female College, the institution for Blind, Deaf and Dumb, and the Colored Normal School. An amendment embodying a substitute was offered by Senator Buckman. Both bill and substitute were ordered printed and made special order for Tuesday at 10:30.

House bill No. 171, by Mr. Reese—A bill to be entitled an act to regulate sale of stocks of goods, wares and merchandise in bulk, and to provide certain penalties thereof and for other purposes, was read in full the second time. On motion of Senator Willis the bill was ordered printed and made a special order for Tuesday at 11:30 a. m.

Bills On Third Reading.

On motion of Senator West the Senate proceeded to the consideration of bills on their third reading.

Senate bill No. 267 by Mr. Willis—Prescribing time for holding terms of circuit court in the counties of the Eighth Judicial Circuit of Florida, was read the third time and passed 27 to 0.

House bill No. 58, by Mr. Baggett of Escambia—A bill to be entitled an act to fix a penalty and other liabilities upon any telegraph company owning or operating a telegraph line or lines wholly or partly in this State engaged in the transmission of messages, for a consideration, for the refusal of such company, its agents and employes to receive any message tendered to it or to any of its agents or employes, together with the usual charges for the transmission of such messages as are usually received for transmission, during the usual hours in which messages are received at said office or place for transmission to the destination to which the message so refused is addressed, and to prescribe a rule of evidence in actions to recover same, was read in full the third time.

Senator Buckman moved that this bill and House bill no 56 on similar subject matter, and House bill No. 331, extending powers of railroad commission in this direction, be made a special order for next Thursday at 3:30 p. m. Senators Beard and Broome objected to any further delay in the consideration of these telegraph bills and Senator Girardeau also objected to postponement. A roll call was demanded on the motion to make the three bills a special order for Tuesday at 3:30.

In explaining his vote Senator McCreary said he was in favor of strengthening the hands of the railroad commission in every way.

Senators Adams and Johnson took the same view.

The motion was lost by a vote of 13 to 17 and the Senate then proceeded to the further consideration of House bill No. 58.

The bill was then placed upon its final passage and passed upon roll call by vote of 18 to 11, with one pair announced, making the total vote 19 to 12.

A message was received from the Governor, transmitting the report of the special committee to select a camp site. Message and accompanying report was ordered spread upon the journal, and referred to the committee on military affairs.

Senate adjourned until 4 p. m.

Afternoon Session.

The afternoon session of the Senate was called to order at 4 p. m. President Harris in the chair and a quorum present.

House bill No. 30, by Mr. Reese of Escambia, known as the car-fender bill, was indefinitely postponed by a vote of 24 to 1.

Senator Clark offered Senate resolution No. 56—Providing that after Monday no member speak longer than 10 minutes on the same question unless otherwise ordered. Resolution was adopted.

Senate then proceeded to consideration of bills on third reading and House bill No. 56, by Mr. Baggett of Escambia—To fix a penalty and other liabilities upon any telegraph company owning or operating a telegraph line or lines wholly or partly in this State and engaged in the transmission of messages for a consideration, for the negligence or failure immediately to transmit and deliver to the addressee any message received by it or any of its agents or employes for transmission, and to fix a rule of evidence in actions to recover same, was read in full with amendments adopted.

Senator Beard, by unanimous consent, offered amendment that section relative to delivery of messages be applicable only to incorporated cities and towns; adopted.

On roll call the bill was passed by a vote of 16 to 10.

Messages from the House were then considered and reference to bills made to proper committees.

Under waiver of rules, House bill No. 521, by Mr. Long of Clay—Providing for license for hunting wild turkey or quail in Clay county, was read second time by title, third time in full and passed, 22 to 0.

Introduction of Bills.

By permission the following new bills were introduced:

Senate bill No. 421 by Mr. Jackson—To prohibit discontinuation in contracts by life insurance companies.

Senate bill No. 422 by Mr. Crane—Amending the general statutes relating to drainage and reclamation of lands, to the creating of a board of drainage commissioners, etc. On motion of Senator Crane, 390 copies of the bill were ordered printed and the subject matter of the bill made a special order for next Thursday at 10:30 a. m. Senate adjourned.

HOUSE PROCEEDINGS.

The House of Representatives was called to order by the speaker at 9. a. m.; roll call; quorum present.

Prayer by chaplain.

Resolutions, Orlando District Conference M. E. Church, South, favoring State prohibition and endorsing the Humphries and Hooker bills, were read.

Resolution of State convention United Daughters of Confederacy, favoring erection of Olustee monument at Lake City, read and spread on journal.

Introduction of Bills.

By Mr. Carter of Alachua—Prohibiting use of log or lever carts on hard surfaced roads, with certain exceptions.

By Mr. Doke of Alachua—Relating to tax sales.

By Mr. Peeples of Bradford—Relating to horse and cattle stealing.

By Mr. Knight of Citrus—Prohibiting discrimination in counties by life insurance companies.

By Mr. Paul of Holmes—Cancellation of tax sale certificates.

By Mr. McClellan of Suwannee—Prohibiting Sunday trains.

By Mr. McClellan of Suwannee—Improving domestic animals.

By Mr. Dorman of Suwannee—Relating to record of cotton sales.

Reports of committees were received and filed.

Select Order.

Mr. Wilson of Hernando moved to reconsider indefinite postponement of House bill No. 449, by Mr. Farris. Owing to the absence of Mr. Farris it was informally passed.

Mr. Wilson of Lee moved to reconsider the passage of House bill No. 308, by Mr. Pettigrew. The motion to reconsider was carried, ayes 31, nays 22. Mr. Griggs thought the bill dangerous to Democratic government, because of the large per cent of negroes in some of the cities and towns. Mr. Wells offered an amendment against allowing by the bill the extension of corporate limits. Mr. Wells and Mr. Pettigrew supported the amendment. Adopted by two-thirds vote. The roll was called on the final passage of the bill, yeas 25, nays, 32. Lost.

Messages from the Senate were read and the bills referred to the proper committees.

Senate bill No. 414 by Mr. McCreary relating to transfer surplus fine and forfeiture fund to other funds; passed, under suspension of rules.

After considerable discussion the House refused to concur in the Senate amendment to the Dudley bill, striking out $4 per day and making the compensation of members of school boards $5 per day, on motion of Mr. Knight of Columbia, seconded by Mr. Griggs.

Bills On Third Reading.

House joint resolution No. 188, by Mr. Crawford of Orange—State prohibition amendment. Mr. Crawford spoke for 30 minutes, covering the subject very fully, and without his customary impassionated manner, and Mr. Richbourg moved the previous question. The resolution received 36 ayes to 16 nays, thus failing to receive the constitutional requisite of three-fifths. Mr. Crawford changed his vote to no, and as he desired to move reconsideration. It will require 42 votes to pass the House.

At the afternoon session the time was devoted to the reading of bills on second reading, after which the House adjourned.

S.S.S. GREATEST OF ALL TONICS

Everyone should take a tonic in the Spring; their systems require it. The blood has become thick and sluggish with the accumulations left in the system from breathing the impure air of closed rooms and overheated buildings; the heavy, rich foods of the Winter season, etc., and when this vital fluid is aroused and stirred to quicker action by the return of warmer weather, these waste matters and poisons are distributed through the circulation, to act depressingly and injuriously on the system. The blood being in this unnatural and impure condition is unable to furnish the body with the proper amount of nourishment and strength, and the system suffers from debility, weakness, nervousness, indigestion, loss of appetite, and many other unpleasant symptoms of a disordered blood circulation.

The depleted system must have assistance; it needs a tonic and it is important that the proper one be selected. When the health is in this disordered condition it is not safe to take unknown concoctions, sarsaparillas, etc., because they usually contain potash or other strong mineral ingredients which act unfavorably and often dangerously on the run-down, weakened system, at a time when it needs gentle and natural stimulation to throw off the impurities and recuperate its lost energy. A great deal is being said these days about living close to nature, and it is more applicable to medicines, perhaps, than anything else. Nature has provided a remedy for all the ills of mankind, and medicines made from nature's vegetation act better in every way than do the strong mineral mixtures which are the products of the chemist's or apothecary's shop.

Your S. S. S., in my opinion, is as good a medicine as can be had; it simply cannot be improved upon as a remedy to purify and enrich the blood and to invigorate and tone up the system. This spring my blood was bad and I was run down in health, and having seen your medicine highly advertised I commenced its use To-day my blood is in fine condition and my general health is of the best. Am filling position as fireman for a large concern here, and if I was not in good physical condition it would be impossible for me to fill the place. Your S. S. S. has been of great service to me and I do not hesitate to give it the credit it deserves. WM. F. VAN DYKE, 815 Fifth St., Beaver Falls, Penn.

The greatest of all tonics is S. S. S. It is made entirely of the roots, herbs and barks of the forests and fields, selected for their purifying and health restoring qualities; and as it does not contain the slightest trace of mineral in any form it is especially adapted for a systemic remedy, one that is absolutely safe for young or old. S. S. S. acts directly on the blood, ridding it of any and all impurities and poisons, and restoring the lost properties of rich, nutritive strength so that it is enabled to supply to the system the heathful, invigorating energy needed to pass this trying season of the year. Its action is the most prompt, pleasant and satisfactory of all tonics and blood purifiers, and those who are beginning to feel the need of a medicine to fortify the system against the unpleasant conditions that come with Spring, will do well to commence its use at once. It will not only tone up the system, but will remove any taint or humor that may be in the blood and thus prevent an outbreak of Eczema, Tetter, Salt Rheum or other rash or eruption of the skin. S. S. S. restores lost energy, relieves that all worn out, tired feeling, quiets the nerves, helps the appetite and imparts a relish for food, and in every way adds tone and vigor to the entire system, and prepares it for the depressing Summer months that are to follow.

$1,000 FOR PROOF THAT S. S. S. IS NOT PURELY VEGETABLE

In selecting your tonic for this year do not be led into believing that others are "just as good," but get **S. S. S., THE GREATEST OF ALL TONICS,** and one that for more than forty years has been recognized as such. It is Nature's tonic, absolutely pure and safe, and reliable in every way. S. S. S. is for sale at all first-class drug stores.

Attention is directed to the advertisement of the A. R. Harper Piano Company, which appears in this issue in half-page form. This firm is offering some fine bargains on leading pianos, which it will pay those interested to investigate.

Fire on Friday destroyed the rectifying plant owned by C. W. Chase and managed by Mr. Williamson, about a mile north of the city. The loss was a total one, as the scene of the fire was far distant from the city hydrants, so no water could be secured.

We acknowledge a fraternal call from L. F. Walesmann, the clever traveling representative of The Packer, a weekly journal published in New York in the interests of the producers of fruits and produce. The Packer is recognized as one of the leading journals of its class in the country.

Wanted—Men to learn barber trade. Wonderful demand for barbers; few weeks completes by practical experience, careful instructions, demonstrations and examinations; diplomas granted, tools given, position waiting, top wages paid. Write nearest branch, Moler Barber College, Atlanta, Ga., or New Orleans, La.

Mrs. John S. Arnold of Jacksonville, who has been with Mrs. C. A. Colclough, is now a guest of Mrs. W. W. Hampton, having been persuaded to remain here for a few days after the session of the Episcopal council. She resided here for several years, and has many friends who are delighted to welcome her again.

TWENTIETH CENTURY CLUB.

Pleasant Afternoon at Home of Mrs. Foster—Entertaining Program.

A delightful as well as a most profitable afternoon was spent by the Twentieth Century Club last Monday afternoon at the residence of Mrs. A. L. Foster, on West Main street. After the business session the following program was carried out in a most instructive manner, Mrs. L. C. Smith being leader for the afternoon:

Piona Solo .....Mrs. Russell.
Reading ..... Mrs. Bell.
Vocal Solo.....Miss Myra McMillan.
Talks on "Flag of England"....Mrs. Gross.
Westminster Abbey....Mrs. Chapin.
The Blarney Stone....Mrs. Grieves.
Piano Solo.....Miss Clara Pound.

Delicious refreshments of cream and cake were served by the hostess, assisted by others.

The Club meetings are always thoroughly enjoyed by the members and the afternoon spent so pleasantly with Mrs. Foster was no exception.

J. W. Gleason of Jefferson, Ohio, who has been spending the past six months in this city, made The Sun an agreeable call yesterday, leaving his name as a subscriber to The Sun. Mr. Gleason, who is seventy years of age, does not look it, and is as jolly as he is active. He has traveled a great deal, and declares that Gainesville is the best place and Gainesville people the best people, as a whole, he has ever met. He expects to return early in the fall, and will remain here for several months. He will leave for his home tomorrow.

After a desperate struggle, the police succeeded in arresting a man last night, rather tall with light hair, who was wearing a pair of Walk-Over shoes on his feet and a satisfied expression on his face. There's nothing like the Walk-Over shoe. Hyde & Tench.

Miss Lyde Bowers has returned from Bartow, where she has been visiting friends for the past few days. Upon her return she was accompanied by Misses Dafney Lewis and Tommie Lee Wilson, who will be her guests for a few days.

Suit Club—$1 a week—25 weeks—club of 60. Each week one man gets a full suit. End of 25 weeks every man in the club has a new suit. For particulars see Bernhardt & Dietz, The Tailors.

Mrs. R. Wilson

ROGERS FAMILY LEAVES.

Mr. Rogers Will Go to Georgia, Where He Hopes to Regain Health.

Rev. and Mrs. S. B. Rogers and children left Saturday morning for Tallahassee, where Mrs. Rogers and the children will remain with relatives. Mr. Rogers expects to proceed to Georgia, where he will remain for some time as a guest of relatives.

Mr. Rogers, who is pastor of the First Baptist Church in this city and a very popular man, not only among his congregation, but with the general public, has had a succession of misfortunes, principal among which has been his rapidly failing health for the past year. His congregation demonstrated the highest regard by voting to give him a six-months' leave of absence, with the hope that a change of climate and the rest would prove beneficial to him and restore his health.

Mrs. Rogers has relatives near Tallahassee, where she will remain with the children, while her husband will recuperate in Georgia.

Friends hope that Mr. Rogers will return fully recovered, for he is appreciated as a pastor and a man here.

Honor to Gainesville.

A great honor has been bestowed upon two citizens of Gainesville, which means an honor to the city, in the selection of Rev. Francis H. Craighill, rector of Holy Trinity church, and Col. W. W. Hampton, a prominent churchman and member of Holy Trinity church, as representatives to the three-hundredth anniversary of the Episcopal Church in America, which will convene in Richmond, Va.

The people of Gainesville congratulate these gentlemen upon this honor, and feel complimented at their selection.
